Dear [REDACTED]:

I have your letter of February 6, 1951, reporting unsatisfactory conditions in the cafeteria in Temporary Building K.

We appreciate having these conditions called to our attention, in order that appropriate remedial action may be taken. They will be investigated promptly, and every effort will be made to eliminate causes for complaint.

Very truly yours,

REMARKS: Satisfactory results are apparently being reached in connection with K Bldg. cafeteria. The Manager of the M and Que Bldg. cafeterias is extremely cooperative, and if we obtain information regarding specific complaints, I think that these can easily be straightened out.
